

VISP — Privacy Policy

Verified Independent Service Provider Platform | Effective Date: May 01, 2026 | Version 1.0

Important Notice: This is a first-draft Privacy Policy intended for early review. It must be reviewed and finalized by qualified privacy counsel — particularly for compliance with PIPEDA and provincial privacy laws — before public release.

1. Introduction

VISP ("VISP", "we", "us", or "our") respects your privacy and is committed to protecting your personal information. This Privacy Policy explains what information we collect, how we use and share it, how long we keep it, and the choices you have. It applies to your use of the VISP mobile application, website, and related services (the "Platform").

VISP currently operates only in Canada. We comply with the Personal Information Protection and Electronic Documents Act (PIPEDA) and applicable provincial privacy legislation.

2. Information We Collect

2.1 Information from All Users

- **Account information:** name, email address, phone number, password, and profile photo.
- **Location information:** approximate or precise location (with your permission) used to match Clients with nearby Service Providers.
- **Communications:** messages, dispute submissions, photos, reviews, and ratings exchanged on the Platform.
- **Device and usage data:** device identifiers, IP address, operating system, app version, in-app actions, and crash logs.
- **Payment information:** payment is processed by Stripe. VISP does not store full payment card numbers; we receive limited transaction data (such as last four digits, transaction ID, and status) from Stripe.

2.2 Additional Information from Service Providers

- **Identity verification documents:** government-issued ID, selfie/liveness checks, and supporting documents required to confirm identity.
- **Background check information:** information collected for criminal-record screening and related risk checks.
- **Professional credentials:** licenses, certifications, insurance certificates, and other documents required for Tier 3 services.
- **Banking/payout information:** handled directly by Stripe in accordance with Stripe's privacy notices.

Identity and background-check verification is currently performed in-house by VISP. Verification documents are stored securely for the purposes described in Section 4 below.

3. How We Collect Information

- Directly from you when you register, complete a profile, book a service, message a user, or submit a dispute.
- Automatically from your device when you use the Platform (cookies, SDKs, analytics).
- From third-party services such as Stripe (payments) and any background-check or fraud-prevention partners we engage in the future.

4. How We Use Your Information

We use personal information to:

- Create and maintain your account and profile.
- Match Clients with Service Providers and facilitate bookings.
- Verify identity, run background checks, and confirm professional licenses for Tier 3 access.
- Process payments and payouts through Stripe and calculate platform fees.
- Operate reviews, ratings, dispute resolution, and trust-and-safety functions.
- Communicate with you about your account, transactions, support requests, and policy updates.
- Detect, prevent, and address fraud, abuse, security incidents, and violations of our Terms.
- Comply with legal obligations and respond to lawful requests from regulators or law enforcement.
- Improve, secure, and develop new features for the Platform.

5. How We Share Information

We share personal information only as described below:

- **Between Clients and Service Providers:** limited profile information (name, photo, ratings, location range, tier badge, and messages) is shared to facilitate bookings.
- **Service providers acting on our behalf:** Stripe (payments), cloud hosting and analytics providers, customer-support tools, and (where applicable) background-check partners. These providers are bound by confidentiality and data-protection obligations.
- **Legal and safety:** we may disclose information when required by law, court order, or to protect the rights, property, or safety of VISP, our users, or the public.
- **Business transactions:** in connection with a merger, acquisition, financing, or sale of assets, subject to appropriate confidentiality safeguards.
- **With your consent:** for any other purpose disclosed at the time of collection.

We do not sell your personal information.

6. Data Storage and International Transfers

VISP currently serves Canadian users. Some of our service providers (including Stripe and cloud hosting partners) may store or process information outside of Canada, including in the United States. When information is transferred outside of Canada, it may be subject to the laws of the jurisdiction where it is stored, including lawful access by foreign authorities. We use contractual and technical safeguards to protect information in transit and at rest.

7. Data Retention and Deletion

- **Active accounts:** we retain your information for as long as your account is active and as needed to provide the Platform.
- **Account deletion:** when you delete your account, we retain your information for up to 30 days to allow for recovery, fraud prevention, and dispute completion. After 30 days, personal information is deleted or de-identified, except where longer retention is required by law (for example, financial records, tax records, or evidence related to ongoing investigations or disputes).
- **Verification documents:** ID and background-check documents are retained while you remain a Service Provider and for a reasonable period afterward to comply with legal, audit, and trust-and-safety obligations.
- **Reviews and transaction history:** may be retained in anonymized or aggregated form to preserve the integrity of the marketplace.

8. Security

We use industry-standard administrative, technical, and physical safeguards to protect personal information, including encryption in transit, restricted access on a need-to-know basis, and monitoring for unauthorized activity. No system is perfectly secure, and we cannot guarantee absolute security. You are responsible for keeping your account credentials confidential.

9. Your Privacy Rights

Subject to applicable Canadian privacy law, you have the right to:

- Access the personal information we hold about you.
- Request correction of inaccurate or incomplete information.
- Withdraw consent for certain processing (subject to legal or contractual restrictions).
- Request deletion of your account and associated personal information.
- File a complaint with the Office of the Privacy Commissioner of Canada or your provincial privacy regulator.

To exercise these rights, contact us using the details in Section 13. We may need to verify your identity before responding.

10. Children's Privacy

The Platform is not intended for individuals under the age of 18. We do not knowingly collect personal information from minors. If we become aware that we have collected personal information from a

person under 18, we will delete it promptly.

11. Cookies and Similar Technologies

VISP and our analytics partners use cookies, mobile SDKs, and similar technologies to operate the Platform, remember your preferences, measure performance, and detect fraud. You can control certain technologies through your device or browser settings, although some Platform features may not function correctly if disabled.

12. Changes to This Policy

We may update this Privacy Policy from time to time. Material changes will be communicated through the Platform or by email before they take effect. The "Effective Date" at the top of this Policy indicates when it was last revised.

13. Contact Our Privacy Office

If you have questions, concerns, or requests regarding this Privacy Policy, please contact our Privacy Officer at **privacy@vispapp.com** (or such other address as VISP may publish on the Platform). You also have the right to contact the Office of the Privacy Commissioner of Canada at **www.priv.gc.ca**.
